### **4<sup>TH</sup> Indo-POWER 2011**

[Indonesia's premier International Exhibition on Power Generation & Transmission, PV Power, Energy & Renewable Energy held from 12 ~ 14 May 2011 at Jakarta International Expo [ JI Expo ], Jakarta - Indonesia, records great success]

CEMS-Global USA, a Multinational Exhibition Organizer, in association with `Kristamedia Exhibitions - Indonesia' have organized the `4<sup>th</sup> Indo Power 2011 International Expo' - An International Exhibition on on Power Generation & Transmission, PV Power, Energy & Renewable Energy, at JI Expo focused to the entire Power and Energy sector of Indonesia, held from 12 to 15 May 2011 at JI Expo Kemayoran, Jakarta - Indonesia.

To create more platforms for the Renewable Energy sector and Electronics associated to Power & Energy, CEMS-Global & Kristamedia Exhibitions have further announced well defined segmented concurrent exhibitions which will be held alongside, `4th Indo-Power 2011 International Expo', namely, `Indo-Renewable Energy 2011 Expo', `Indo PV Power 2011 Expo' and `Indo E-Power 2011 Expo'.

This International exhibition has been Co-Sponsored by TÜV SÜD PSB PTE Ltd.

Giving special emphasis on PV Power and Renewable Energy, for which a new policy has come in place, for encouraging investment in this sector to generate electricity from renewable sources to meet an ever-growing demand and lessen the dependency on existing resources, CEMS-Global is also organizing concurrent exhibitions - `Indo-Renewable Energy 2011 Expo', `Indo PV Power 2011 Expo' and `Indo E-Power 2011 Expo' focusing on Electric Power Equipment and Technology.

With the great success of the first ever Power & Energy international exhibition organized by CEMS - Global USA, this Exhibition again brought together under one roof all stakeholders in the Power & Energy Industry under one B2B platform and a significant leap can be taken in our Power & Energy sector by close interaction between the exhibitors of the Exhibition from foreign countries and our local entrepreneurs leading to successful partnerships & Joint- Ventures to Indonesia.

**TÜV SÜD PSB PTE Ltd. -  
Singapore**

Aggreko Singapore Pte Ltd

Ministry of Energy & Mineral Resources – Republic of Indonesia

MWM – Germany  
Kawasaki Green Gas Turbines – Japan

TÜV SÜD PSB PTE Ltd. - Singapore

Extrana Cable - Indonesia

Total Oil Indonesia, Pt - Indonesia

Hence with display of latest innovations and technology of the world in Power & Energy sector in

`4<sup>th</sup> Indo – Power 2011 International Expo', the Expo played an important role in familiarizing our local entrepreneurs with the newest technology right at our doorsteps, in this highly potential sector of our Country with a huge scope for expansion. The Government also wants to seek new technology with emphasis on tapping the alternative energy sources for Power Generation like coal-fired power plants or any other source, which would take a big load off our existing gas reserves.

**Benua Green Energy, Pt Indonesia**

Besides Exhibitors from over **10 countries**, visitors came to Indonesia from different parts of the World to visit the `4<sup>th</sup> Indo-Power 2011 Expo' to familiarize themselves with the Power & Energy sector of Indonesia and see the Investment climate where the Government is encouraging Foreign Investments in the Power & Energy sector of Indonesia and urging the Business community to go for Joint-Ventures, which would not only further expand our Power Generation capacity but also support the Government's poverty alleviation programme by generating more employment.

The Expo brought world-class technology to Indonesia which was beneficial to upgrade our Power & Energy sector and also play an important role by assembling the entire business community of Indonesia from all the industry sectors of our country under one roof thus creating a one-of-a-kind networking opportunity ever seen in Indonesia and to appraise them of the latest developments and technology available in the sector.
