Post Show Report

Power Bangladesh 2009 International – the first ever International Exhibition of Bangladesh on Power Generation & Transmission, PV Power, Energy & Renewable Energy held from November 12 ~ 14, 2009 in Dhaka – Bangladesh records great success

CEMS - Conference & Exhibition Management Services Ltd.- USA in association with CEMS – Bangladesh, the Multinational Exhibition Organizer since 1992, with its operations in 6 countries and organizing over 27 Exhibitions per annum, successfully organized the Premier International Exhibition - 'Power Bangladesh 2009 International Expo' – focusing and devoted to the development of Power Generation & Transmission, Alternative Power, PV Power, Energy and Renewable Energy sectors of Bangladesh, at the Bangabandhu International Conference Centre from November 14 ~ 16, 2009.

The first ever Exhibition of its kind in Bangladesh received appreciations from the Government, Exhibitors as well as visitors.

Below - Bangla Trac Ltd. (Bangla Cat)

Power Bangladesh 2009 International Expo was fully supported by the 'Power Division – Ministry of Power, Energy & Mineral Resources – Government of the People's Republic of Bangladesh', Co-Sponsored by Bangla Trac Limited (Bangla Cat) and Green Delta Insurance Company Ltd as its Insurance Partner.

Adviser to Hon'ble Prime Minister – Hon'ble Dr. Tawfiq – e – Elahi Chowdhury, BB was present at the Opening ceremony of the Exhibition and inaugurated the Expo with Hon'ble Brigadier General (Retd) Muhammad Enamul Huq – State Minister – Ministry of Power, Energy and Mineral Resources; Mr. Nazim Asadul Haque – Managing Director of Bangla Trac Ltd.; Mr. A. S. A. Muiz – Additional Managing Director of Green Delta Insurance Company Ltd and Ms. Meherun N. Islam – President & Group Managing Director of CEMS_Global (CEMS USA & Asia-Pacific); who were present as Special Guests.

This Exhibition brought together all stakeholders in the Power & Energy Industry of Bangladesh under one B2B platform and it became a networking ground between exhibitors of the Exhibition from 17 countries and Bangladesh's local entrepreneurs leading to successful partnerships & Joint- Ventures to accomplish the Bangladesh Government's 'Vision 2021' for a 'Digital Bangladesh'.

Rahimafrooz Energy

With display of latest innovations and technology of the world in Power & Energy sector in 'Power Bangladesh 2009 International Expo', the Expo with perfect timing played an important role in familiarizing local entrepreneurs with the newest technology right at the doorsteps, in this highly potential sector of Bangladesh with a huge scope for expansion. The Government also is seeking new technology with emphasis on tapping the alternative energy sources for Power Generation like coal-fired power plants or any other source, which would take a big load off the existing gas reserves.

Besides Exhibitors from over 17 countries, there were also visitors who had come to Bangladesh from different parts of the World to visit the 'Power Bangladesh 2009 Expo' to familiarize themselves with the Power & Energy sector of Bangladesh and see the Investment climate where the Government is encouraging Foreign Investments in the Power & Energy sector of Bangladesh and urging the Business community to go for Joint-Ventures, which would not only further expand Power Generation capacity but also support the Government's poverty alleviation programme by generating more employment. As per statements of the Government, they will provide necessary cooperation to our Business community who will come forward to set up small and independent power plants as the Government has already adopted a policy on power generation through public-private partnership.

'Power Bangladesh 2009' also gave special emphasis on PV Power and Renewable Energy, for which a new policy has come in place, for encouraging investment in this sector to generate electricity from renewable sources to meet an ever-growing demand and lessen the dependency on existing resources.

A Special 'Business Networking Dinner' was held on 13th November, 2009 which saw attendance from important personalities in the business circles, Industrialists, Exhibitors of Power Bangladesh 2009, Important Stakeholders of the Power & Energy sector of Bangladesh and Government Officials. The Dinner was also attended by Hon'ble State Minister of the Ministry of Power, Energy & Mineral Resources Brigadier General (Retd) Muhammad Enamul Huq as well as a Presentation and Speech was given on 'Investment in Bangladesh in the Power & Energy Sector' by Engr. A S M Alamgir Kabir – Chairman of Bangladesh Power Development Board, along with important data of the sector of Bangladesh. (A Copy of the presentation is available on Power Bangladesh Official Website – www.powerbangladesh.com)

Islam – President & Group Managing Director of CEMS-Global (USA & Asia-Pacific) and Mr. Md. Nazrul Islam Fakir – Senior Vice President of Bangla Trac Ltd. [Bangla Cat]

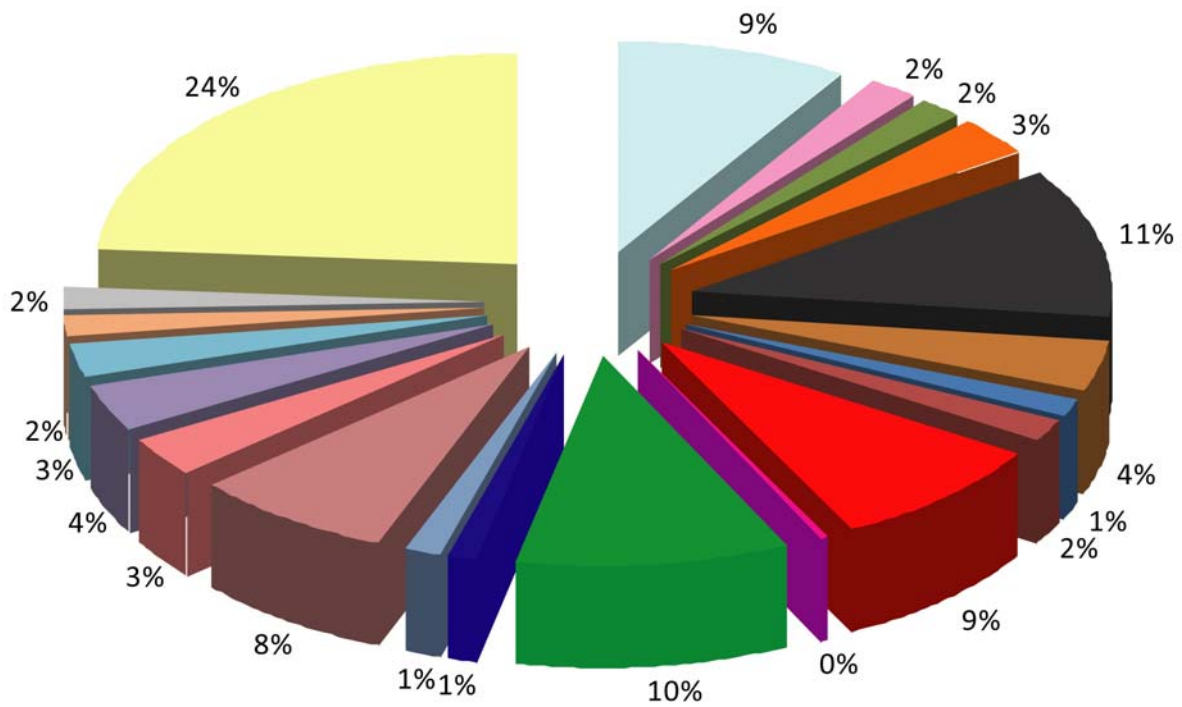

Engr. A S M Alamgir Kabir – Chairman of Bangladesh Power Development Board giving a Presentation on 'Investment in Power & Energy Sector of Bangladesh' on 13th November 2009 at the 'Business Networking Dinner'

Total number of visitors were 6,000 + , categorized as follows,

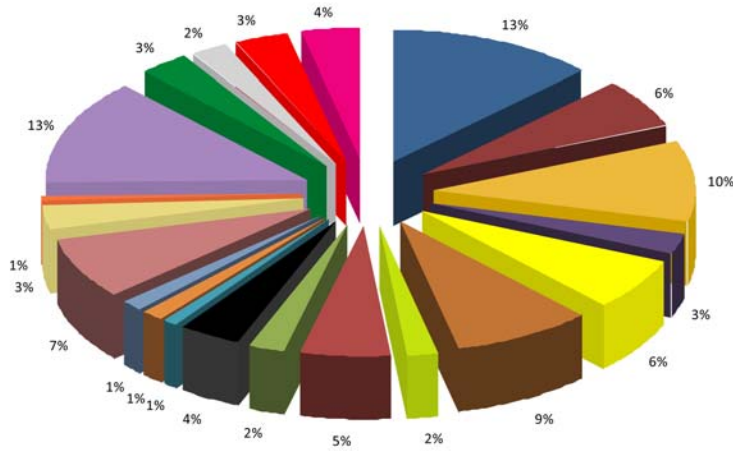

Visitors to the 'POWER Bangladesh 2009' consisted of :

- | | |
|---|-----------------------------------|
| Agent | Approval Agency |
| Associations | Contractors |
| Distributor / Representative / Supplier | Exporter |
| Financial & Funding Bodies | Food Industry |
| Importer | Leather Industry |
| Manufacturer/Producer | Pharmaceutical Industry |
| Policy Maker | Power / Energy Ministry Officials |
| Project Consultants | Textile / Apparel Industry |
| Trading Institution | Utilities |
| Wholesaler | Other |

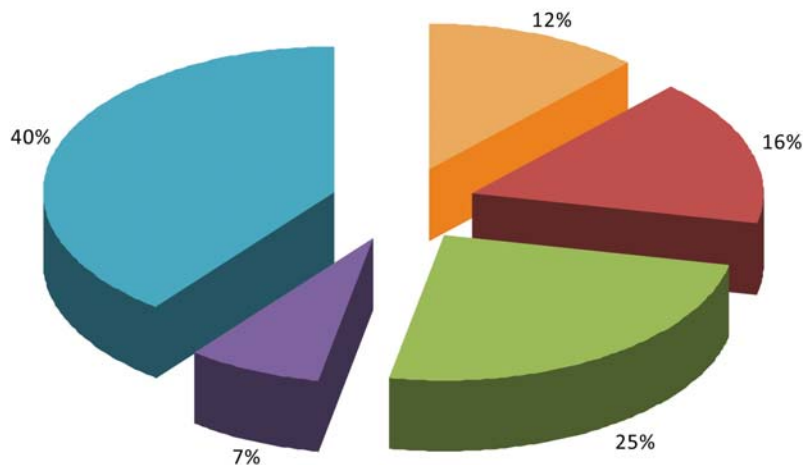

Visitors to the 'POWER Bangladesh 2009' visited for :

- Alternative Sources of Electrical Energy
- Automation Control System
- Boilers / Electric Generators / Hydro Generators
- Conversion and Storage of Electrical Energy
- Electro-Technical Equipment
- Engineering Services
- Fuel Materials
- Industrial Power Engineering / Industrial Ventilation Systems
- Instruments
- Lighting Equipment
- Measurement, Control and Diagnostic Instrumentation, Diagnostic Equipment
- Nature Conservation Technologies
- Pipes and Pipeline Fittings
- Power Transmission
- Pumps and Compressors
- Related Web Portals / Media / Publishing Services
- Solar Power Energy
- Technologies of Energy Efficiency and Energy Saving
- Technologies and Systems of Water Treatment
- Transmission and Distribution of Electrical Energy
- Other

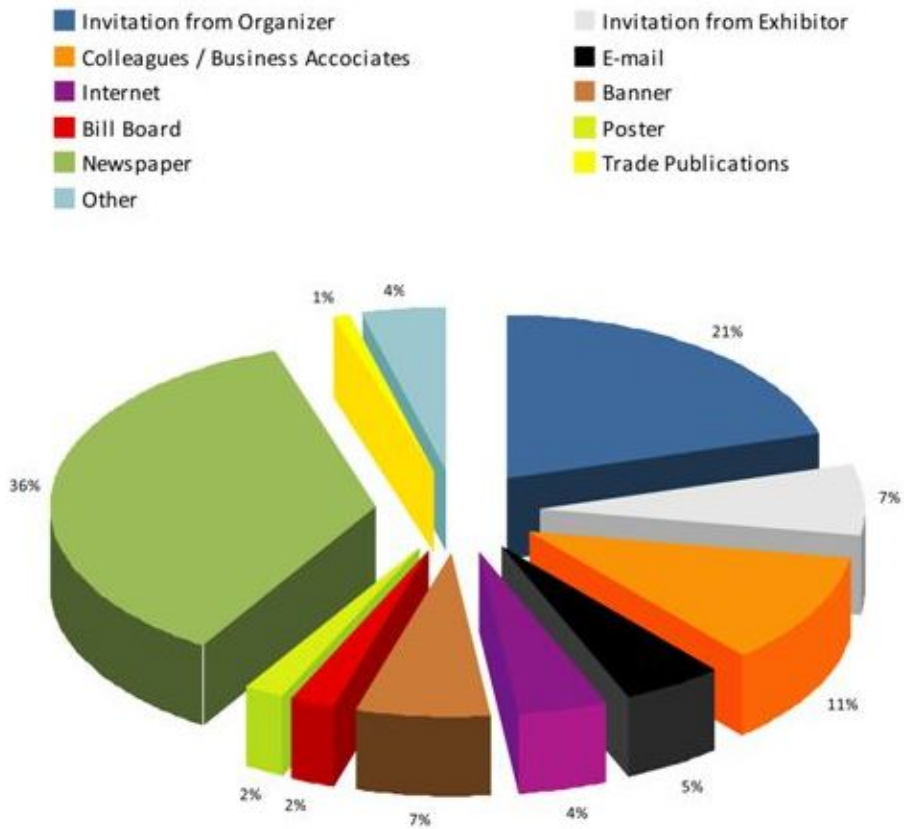

Visitors to the 'POWER Bangladesh 2009' visited with powers to make :

- Final Decision
- Initial Suggestion
- Research New Products
- Significant Influence
- Gather Information

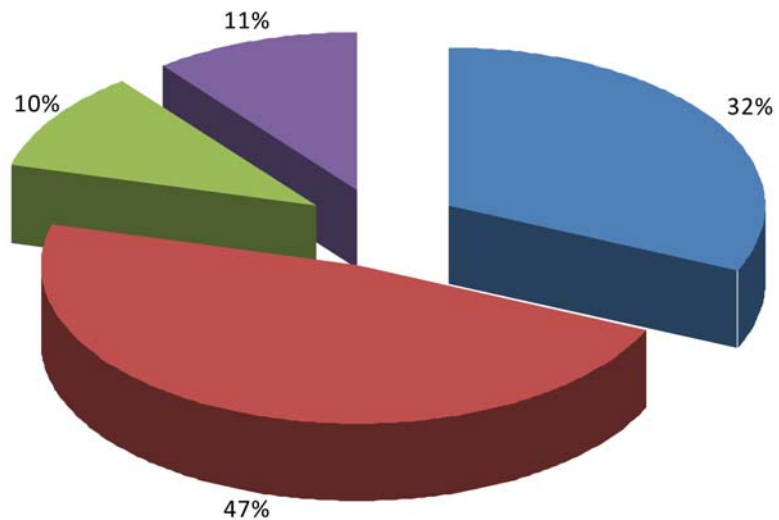

How did 'POWER Bangladesh 2009' reach out to the people :

Prime Minister
Government of the People's Republic of Bangladesh

I am happy to learn that 'CEMS USA' and 'CEMS BANGLADESH' are jointly organizing the 'Power Bangladesh 2009 International Expo' - Bangladesh' on 12-14 November 2009 in Dhaka.

The exhibition, I hope, with display of latest innovations and technologies of the world in power and energy sector will play an important role in familiarizing our local entrepreneurs with the newest technology right at our doorsteps.

I also hope that special emphasis would be given on tapping the alternative energy sources for power generation.

I call upon our businessmen to work in partnership with the government to make a perfect roadmap of our 'Vision 2021' for a 'Digital Bangladesh'.

I wish the exhibition a grand success.

Joi Bangla, Joi Bangabandhu
May Bangladesh Live Forever

Sheikh Hasina

M E S S A G E

Adviser to the Hon'ble Prime Minister
Government of the People's Republic of Bangladesh

New Technologies and Ideas are prerequisite to sustainable development. POWER - Bangladesh 2009 is showcasing new and cutting edge technologies in the Power industry through their 2009 International Expo. I believe this would provide our industry stakeholders with opportunities to explore latest technology and industry-best practices.

We need to find innovations from the global power industry that will suit our indigenous environment, meet long-term requirements and help us best prepare for the challenges of the upcoming regime of climate change and such other global concerns. Our success will also depend on identifying and harnessing matching technology solutions. This type of event is one of the best ways to find out such solutions. I congratulate the organizers and patrons of the event for taking this timely initiative and hope that this 'single roof' will be able to cater to the multifarious needs of the Bangladesh power sector.

I welcome the International participants of the Exhibition to Bangladesh and wish all success to the 'POWER Bangladesh 2009 International Expo'.

Tawfiq-e-Elahi Chowdhury, BB

M E S S A G E

State Minister
Ministry of Power, Energy & Mineral Resources
Government of the People's Republic of Bangladesh

I am happy to learn that 'Conference & Exhibition Management Services (CEMS) Bangladesh' is organizing the 'POWER Bangladesh 2009 International Expo' on power generation, transmission, PV power and renewable energy from November 12 to 14 at Bangabandhu International Conference Centre in Dhaka.

I hope that the important companies from home and abroad will actively participate in this expo and all assembled under one roof to bring forward new products / technologies which are available in order to upgrade the power sector.

It is important to diversify the source of energy and explore newer opportunities to meet the growing demand of power and energy. 'POWER Bangladesh 2009 International Expo' will be a good platform for the power & energy entrepreneurs of the country to get the opportunity to see the latest technologies and innovations in this sector.

I wish all the success of this 'POWER Bangladesh 2009 International Expo'.

Joy Bangla, Joy Bangabandhu
May Bangladesh Live For Ever
